About Dr. Morse

Dr. Anne Marie Morse is a board-certified neurologist with special qualifications in child neurology and a fellowship-trained sleep medicine specialist. She serves as Director of Child Neurology and Director of Pediatric Sleep Medicine at Geisinger Janet Weis Children's Hospital, where she also founded and leads the Child Neurology Residency Program. She is an Associate Professor at Geisinger Commonwealth School of Medicine and a nationally recognized leader in sleep health, patient advocacy, and healthcare innovation.

Known for her expertise in narcolepsy, hypersomnia disorders, and the intersection of sleep and neurologic health, Dr. Morse translates complex medical science into practical, actionable information for patients, families, healthcare professionals, and communities.

Through DAMM Good Sleep, she is committed to helping people better understand sleep as a vital component of health, wellness, performance, and quality of life.

Speaking Focus

◆ Pediatric Sleep Medicine

Narcolepsy, hypersomnia, and sleep disorders in children

◆ Sleep & Neurologic Health

The intersection of sleep and neurological conditions

◆ Patient Advocacy

Empowering patients and families through education

◆ Healthcare Innovation
